

FinFlag is looking for young and dynamic candidates for the following position:

## Project Manager Consultant

### Who are we?

- FinFlag is a Belgian company dedicated to the financial industry
- We mainly offer management solutions to:
  - *Digital and mobile payment players*
  - *Fintechs*
  - *Payment Schemes*
  - *Financial Institutions*
  - *Merchants*
- Our solutions are oriented to upper management:
  - *Market Strategy*
  - *Product Strategy*
  - *Digital Strategy*
  - *Pricing Strategy & Profitability assessment*
  - *Target Operating Model design*
  - *Solutions Implementation*
- Our clients are major players in Belgium and abroad.

### What is the content of the job?

- The job consists in:
  - Managing projects for solutions implementation and deployment. As a project manager you get to tackle complex projects (implementations, optimizations, selections). Sometimes, you even combine several projects at the same time.
    - Elaborating and implementing client strategy
    - Defining requirements for internal and/or client solution
    - Following up solution development from design to deployment
    - Performing audit of client performance (financial and operational performance)
  - Developing profitability, benchmarking and reporting analysis through an in-house developed tool
  - Leading a team and creating opportunities at the client

### What are we looking for?

- Candidates have a Master degree or equivalent qualification and 3 to 5 years experience
- An experience in project management is a must
- Knowledge of the finance processes & systems (management reporting, budgeting & forecasting, Corporate Performance Management, etc...)
- Candidates must be multi-talented and have balanced capabilities such as:
  - Sense of communication
  - Sense of analysis & decision, process development and problem solving
  - Result, service and client oriented
- Candidate should have an affinity with the financial industry
- Candidates are fluent in Dutch, French and English

### What are we offering?

- A small but exclusive work environment, where high performance is compatible with balanced life style
- An exclusive training offering from best European schools
- A compensation adapted to your seniority and qualifications
